

# Levy County Emergency Management Disaster Supply Kit 8 Week Shopping Guide

Hurricane Season is almost here, it is more important than ever to make sure that you have a fully stocked disaster supply kit. Sometimes, this can be easier said than done. We all know that we live in a time where money can be tight, and it may be a little hard to go out and buy everything you need for your disaster supply kit in one trip. This eight-week shopping guide identifies the basic items required to comfortably sustain you and your family for 3 to 5 days following a storm that may leave you without power and potable water.

Adding a few items to your regular shopping list each week is the easiest way to complete your Disaster Kit with minimal impact to your budget. Remember that these items listed are just examples; you need to use your own judgement as to what items you and your families may need during a disaster.

Take some small steps to keep you and your family safe and prepared. If you have any questions or would like to receive more information, please contact Levy County Emergency Management at 352-486-5213 or visit us at [www.LevyDisaster.com](http://www.LevyDisaster.com)

Pick foods based on your family's needs and wants. Whenever possible pick foods that are low in salt, and packed in water.  Be sure to rotate your supplies every 6 months to a year.  Items marked with a * should be purchased for each member of your household.</p>
